Dr. J. B. Wasson Killed.

Dr. William Wasson, of Versailles, has received news from San Jose, Cal., that his brother, Dr. J. B. Wasson, was killed by the recent earthquake in that city. The office occupied by Dr. Wasson's nephew, Dr. Julian C. Wasson, formerly of Paris, and now a prominent dentist at San Jose was badly damaged by the earthquake shock.

Higgins Extradicted.

Gov. Beckham honored a requisition of the Governor of Ohio for the extradition of Harry Higgins, alias I. Moore, a prisoner in the penitentiary, sent from this county, and wanted at Hamilton, O., on a charge of grand larceny. The Sheriff of Butler county, O., was at Frankfort to present the requisition papers at the gate of the prison on the release of the prisoner today, when his term expires. Higgins will be remembered as the young man who robbed the altar at the Catholic church of a number of valuables and was given a year in the pen. He was among a number of thieves who was following a circus at the time.

"Exercise your strength along the right lines and you will find power."

Our tailors have found it. How? By learning the whole garment after they had it mastered and each exercising all his talent upon a specific part.

One found his work in the Collar, another in the Sleeve, Pockets or Lapels, and so on, instead of trying for perfection in all things. So a garment of ours has the benefit of the might of seven specialists, each giving it all his cleverness and abnormally developed powers.

Let us prove our faith in the proposition by this—you may multiply the stock of the average shop in this town by three and still we have a greater diversity of New Spring Suits and Overcoats, both in models and fabrics.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." **Dangers of
Defective Plumbing!**

Defective plumbing permits the entrance into the house of sewer gas bearing germs or contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. If in doubt, consult us regarding the piping and repairing defective fixtures with "STANDARD" Porcelain Enamelled Ware, acknowledged as the best sanitary equipment.

THE GREAT LEVELERS.

It has been truthfully said that earthquakes are great levelers, not only of habitations, but of the dwellers therein. Nothing is better calculated to wipe out class distinctions, and to bring princes and paupers together, at least for a time. After the destruction of San Francisco it was no unusual sight to see the belle of society and the factory girl huddled together on the commons, and cooking in rude vessels food furnished by relief committees, and which could not have been bought with money just then had their pockets been lined with gold.

ELIMINATES VEGETABLE AND FLOWER SEEDS.

While the Naval Affairs Committee has been struggling with the navy appropriations bill at Washington, the House Committee on Agriculture has reported out a measure making appropriations for that department. The bill carries a total of \$6,880,200, which is greater by \$187,610, than the current act. A particular feature of the bill is the elimination of the free distribution of vegetable and flower seeds by Congressmen. This ancient system of political buncombe has been stricken out, but the original intention of the act is recognized, namely, the distribution of "rare and uncommon" seeds for experimental purposes. The bill also carries an appropriation of \$520,000 with which to wage war on the cotton boll weevil, the gypsy and brown tail moth, and the Texas cattle fever tick.

PROPHECIES.

Ever since the earthquake at San Francisco a week ago prophets all over the world have claimed to have predicted it. A Russian secess says that, in her prophecies for 1906, will be found a prediction, the verification of which has now been demonstrated to her entire satisfaction. She predicted seismic disturbances "on both sides the Pacific ocean." A French prophetess comes forward with a claim a little more explicit, in that it names the Pacific coast of the United States. And our own Spangler points once more to the verity of his prophecies, he having predicted "destructive earthquake in California and the Philippines." There are other of lesser note who claim to have foretold this disaster, and in few of recent events, not without some basis in fact.

But the prophets of today are not like those of old. Modern prophets predict so much that they must be able to hit it once in a while; while ancient prophets used to predict one thing at a certain time. There were then prophets and false prophets; and it is a question whether or not false prophets are not more numerous today than in the past. The Russian secess predicted 37 things; that would happen in 1906, the French prophetess 42 events; that would transpire this year, and Spangler enumerated 23 incidents for this year. Spangler predicted a destructive eruption of Mt. Vesuvius, volcanic eruptions in all parts of the world, as well as earthquakes in California; and it so happens that at the time he made his predictions there were events transpiring, physical, political and other, that must in time result as he predicted. Thus modern prophecy makes the most of things that are, running chances on hitting something right.

Believes in Good Old Time Teachings.

Louis Landram, of the Lancaster Record, is a believer in the good old-time teachings. He says in his paper: "The Northern Indiana Presbytery has decided to cut the word 'hell' out of the creed and substitute 'destruction.' While we are possibly a poor judge in such matters, yet it seems that there is entirely too much sugar-coating of the final resting place, or roasting place, of the wicked, and if these modern preachers don't quit it, the world will continue its mile-a-minute gait to that 'winter resort.' The world was much better back in the good old days when the preacher beat just out of the pulpit and thundered 'hellfire' every few minutes. According to holy writ there will be weeping, wailing and gnashing of teeth, and the people should be told the truth, instead of given consolation in the shape of soothing names for the place presided over by the devil and his angels."

A YOUNG MOTHER AT 70.

"My mother has certainly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters, which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpatrick, of Danforth, Me. Greatest restoration medicine on the globe. Sets stomach, liver and kidneys right, purifies the blood and cures malaria, biliousness and weaknesses. Wonderful nerve tonic. Guaranteed by Oberdorfer, the druggist.

The anarchists who are flocking to American shores apparently have an idea that this country draws no distinction between liberty and license.

Get SCOTT'S Emulsion

When you go to a drug store and ask for Scott's Emulsion you know what you want; the man knows you ought to have it. Don't be surprised, though, if you are offered something else. Wines, cordials, extracts, etc., of cod liver oil are plentiful but don't imagine you are getting cod liver oil when you take them. Every year for thirty years we've been increasing the sales of Scott's Emulsion. Why? Because it has always been better than any substitute for it.

Three days of toil will be over for the Ohio farmers' wives if the new machine invented by William N. Whitely, of the Farmer Co-Operative Harvesting Machine company proves to be a practical demonstration of the machine in a few weeks. NO CONTEST

But a Plain Business Proposition.

Chance to Make \$50 in Gold.

Every Young Lady in Bourbon Eligible.

People are always crying "keep the money at home," and to help carry out this motto the Bourbon News is going to make a plain business proposition to the young ladies of Bourbon county, whereby they can take a trip to any place they desire and at the same time assist in pushing a home enterprise without any scrambling contest whatever and also at the same time everybody will get value received for their investment. This is no contest where there will be any disappointments. No contest where some young lady will run in the lead until the last minute and then the one who has been running last to come in and defeat her by having her friends to buy enough coupons or subscribe for enough papers, to make her win over the one that has led throughout the contest. Our proposition is no fake, but simply a plain business proposition and is as follows: Any young lady of Bourbon county who will bring to the Bourbon News office on or before July 15th, 1906, 75 cash subscribers we will give her \$50 in gold, to be used as she likes.

Any old subscriber who is in arrears and pays up to date and for one year in advance to any of the young ladies who accept our offer will be counted in their list of new ones.

This proposition is open to every young lady in the county, and just as soon as you hand in the seventy-five names with the cash subscriptions, the \$50 in gold will be handed to you.

One of Many Incidents

The San Francisco horror has brought out numberless startling incidents. Here is one, as told by a reputable eye-witness: "I was in Mechanics' Pavillion when that place was used as a hospital. The doctors were to operate on a well-dressed man who lay unconscious from an anaesthetic. He was injured in the groin. In pulling off his coat there dropped from his pocket three fingers of women, with valuable rings on them. They gave him time to revive, and called two soldiers. The latter took him out, stood him against the wall of a building, and shot him like you would a rabbit."

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Oberdorfer's drug store. Price 50c and \$1 a bottle. Trial bottle free.

Our specialty in this department is simple, refined patterns in French, English and Swiss Curtains, with a preference always toward hand-made goods.

A great amount of care and judgment has been exercised in selecting our showing of Draperies, etc., for this season and we are now reaping our reward in largely increased sales.

SPECIAL—We received a few days ago one of the handsomest Dining Suits that we have ever shown. It is of oak in Gothic design, heavily and intricately hand carved, and is finished a Cathedral Gray. It is a perfect example of American supremacy in the art of furniture building.

ATTENTION, LADIES!

One of the most important features of the several entertainments proposed for the Knights Templars, during the coming convocation, will be the luncheon, which is to be set on Wednesday and Thursday, May 23 and 24, in the basement of the Court House, for the visitors. The reputation for hospitality, which the people of Bourbon County have so long enjoyed, should be fully sustained, in making this part of the entertainment a success, and the Committee on entertainment respectfully solicits from our good people of the County such contributions in the way of provisions and supplies, as will make this part of our proposed entertainment the most creditable and enjoyable of all. The assistance of the ladies in this and almost every matter of public interest is necessary, and it is earnestly desired that such ladies of the city and county as are willing to lend a helping hand in this good cause, should meet at the law office of Mr. E. M. Dickson in the Elks' building, on next Saturday afternoon, May 5th, at four o'clock, to discuss the plans and arrange the details in connection with this proposed luncheon.

PARIS MAN

Slashes Former Employee from Ear to Ear.

Alvin Hicks, the log man of this city, and Asa Atkinson, of Payne's Depot, Scott county, became involved in a quarrel on the L. & N. train between Lexington and Payne's Depot Monday. Both got off at Payne's and the difficulty was renewed and Hicks cut Atkinson with a knife on the nape of the neck from ear to ear, inflicting a serious wound. It is said that Atkinson had been in the employ of Hicks and the latter dispensed with his services Saturday night. Atkinson was full of Lexington whiskey and said to be the instigator of the trouble. Hicks was arrested by the Scott county authorities, but afterwards released as Atkinson refused to prosecute, saying he was to blame.

FATALLY KICKED BY MULE.

Edward Tobin Dies From His Injuries.

Edward Tobin, aged seventeen years, was kicked by a mule he was feeding in a stable at the home of Mr. Jas. E. Clay, Monday, and died from the effects Tuesday morning. The young man was a favorite with Mr. Clay, having been born and reared on his place. He was thought to be doing well until early Tuesday morning when he began to sink rapidly. Every medical attention was given him, but to no avail. He was an industrious and popular young man with all who knew him, and his employer says that if he had a fault he did not know it. He was the son of Mr. and Mrs. Thomas Tobin, who have resided on Mr. Clay's farm for years.

The funeral services were held at the Catholic Church, yesterday morning, at 9:15 o'clock, conducted by Rev. Father Cusack. Pall bearers were: Charley McCarthy, Frank Linehan, James Toohey, John B. Mackey, Tom E. Grace, George E. Toohey.

Of Few Words and Full of Trouble

Here's the way a man in South Carolina announced himself for office: To the good people of Edgefield—The wind bloweth where it listeth, and no man can tell whence it cometh or whither it goeth, but I am not that kind of a cat. I am a Ben Tillman cat, and if elected commissioner, propose to reform, beautify, adorn, resuscitate, rejuvenate and rehabilitate Edgefield county from the edge of the water to the top of the rocks. I am a laboring man and haul wood. If not elected I can haul on. Could say more but I am a man of few words and full of trouble.

Just What He Wanted.

An editor going away from home left his paper in charge of a minister. During the minister's stay in the sanctum the following letter came from a subscriber: "You know very well that I paid my subscription to your paper the last time I was in town. If I get any more such letters from you as I received last week, I will come and haul the devil out of you." The minister answered: "I have been trying to get that thing out of the editor for the past ten years, and if you will really come down and maul it out of him, then, my dear sir, I have twenty members of the church I will get you to operate on."

Lexington Carpenters Strike.

The union carpenters of Lexington, numbering about 100, went out on a strike Wednesday. They demanded a nine instead of a ten-hour day and an increase of wages of three cents on the hour.

There is always hope for the person who is rash and thoughtless acts, but the man who boasts of his last spree will surely get drunk again.

Insure with W. O. Hinton. He has the right kind of insurance.

A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed free to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the names of the ingredients on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it in a class all by itself, bearing as it does upon every bottle wrapper The Badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowels and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate stomach, liver and bowels. Much imitated but never equalled. Sugar-coated and easy to take as candy. One to three a dose.

Lark, dam of six in 2:20 list and eleven in 2:30 list, and first only mare with such a distinction.

In a table of all the great brood mares published, Lark, the dam of Sunland Bourbon, was the only one with six in 2:20 and eleven in 2:30 list. Think of it!

When you consider breeding, individuality, and the kind of colts he gets, Sunland Bourbon's fee is lower than any stallion we know of.

If you want a fine team, a good road horse, a high actor, all having speed breed your mare to Sunland Bourbon. It is well-known he gets the above kind.

Sunland Bourbon made quite a reputation last year as a great road horse, and those who saw him go now know that his record is no measure of his speed.

SUNLAND CHIEF,

Values That Are Unsurpassed.

Scarce three years have passed since THE RACKET opened its Carpet Department, yet in this brief space of time it has grown to be one of the largest and most popular Carpet Departments in Central Kentucky; and wherever our goods have gone the story has been one of satisfaction. The high standard of quality and lowness of price which we have maintained in the past will be fully maintained in the future. You will find Mr. Hugh Hicks in charge of this department.

THE FAIR

Not the Least Glimmer of Doubt

There is not the least glimmer of doubt about the savings and the satisfaction that accompany every purchase made at The Fair. All our energy and experience and resources are concentrated on the one point of eliminating that doubt. Wherever we can see a chance to effect a saving, equally for you and for us, we labor long and hard to place ourselves in a position to grasp such savings. Wherever it is possible to eliminate the middleman's profit by buying direct from the makers, we do it. Wherever larger quantities will bring us a substantial price concession, we buy those larger quantities. Whenever there is an extra discount for spot cash, we pay spot cash and secure that extra discount.

All these things help us to help you to save, help us to sell at lower prices than common, without any sacrifice of goodness or reliability.

Let your eye glance down this little list. Is there a thing in it which you would be likely to buy quite as cheap elsewhere:

A MAMMOTH SCHEME

To Rebuild San Francisco by Statesmen and Financiers.

Statesmen at Washington and high financiers in New York are seriously planning a \$100,000,000 bond issue to be guaranteed by the Federal Government, to be used to rebuild the city of San Francisco within three years.

The city, under this plan, is to be reconstructed as a World's Fair, would be built, and the work, when finished, would be a World's Fair. It would be a monument to American enterprise.

In three years from now it is proposed to have the new city doing business in the most substantial buildings and the people living in the most substantial houses that were ever seen at the Golden Gate.

The idea is not a dream of the Arabian Nights. It is actually been taken hold of, and conferences were held in Wall street Monday which placed the subject in somewhat tangible shape. It is likely that within a few days the bill be introduced in Congress.

The horse is by Cecil Palmer, and is declared to be one of the most magnificent specimens of pure saddle stock ever taken out of the State.

The President will at least never have to reproach himself for not calling the attention of Congress to all the things that needed remedying.

WICKEDEST

City in All the World Was San Francisco.

Al Herford, the pugilistic promoter, who is known by all the sporting fraternity from coast to coast, is perhaps one of the best informed authorities on San Francisco in the country. In speaking of the terrible catastrophe in the metropolis of the Pacific, Mr. Herford said:

"I have been to San Francisco about 14 times, and during my visits I believe little of interest has ever escaped my notice. I think without an exception that Frisco was the most corrupt city in the United States, or, as a matter of fact, I might say in the world. It was a veritable Paris, and some of the French restaurants or hotels, as they were called, were conducted along such lines as would even make an old sport like myself blush."

"These hotel were supposed to be conducted by French people, and waiters and some of the waitresses were, from all appearances French—stage French, as it were. The elite of the city dined in these restaurants. "Chinatown was also among the features of the destroyed city. This place was a menace to civilization. It was one of the most horrible sections of all Frisco, and the way things were conducted in this quarter were outrageous. The police of the city apparently knew and realized what disastrous work these heathens were bringing upon the civilized people of the city, yet they made no apparent effort to wipe out the evil."

THE CROWDS

That started with the opening day of the Grand Purchase Sale of the Freeman & Freeman Shoe Store, which was purchased by Dan Cohen,

The World's Greatest Shoe Merchant, is swelling with every succeeding day, as the news of the unheard of Shoe bargains is heralded over Paris and surrounding counties, the crowds are increasing and increasing.

Not within the recollection of Paris' oldest inhabitants was there ever witnessed such a trade event. The announcement of the purchase by us of this high grade stock of Shoes, at such a low price basis has stirred the entire community to action. The crowds who have attended this sale since the opening were lost in wonderment and amazement as they viewed the seeming endless stock of Shoes; but their amazement at this can hardly be compared with their wonderment at the exceedingly low prices asked for this superior stock of footwear.
